Board Meeting 10:30 - 12:00 PM

USO San Diego

USO Core Programs

Isabelle Gutierrez and I am from San Francisco, CA. She graduated with a BA in Psychology from San Francisco State University in 2016. She is currently living in San Diego with her Active Duty Husband who is in the Navy. They have been married for 5 years. She is a Field Program Specialist for USO San Diego. Her job entails the planning and execution of all the core programs (TeenTalk, Milkids Club, MilSpouse Connect, Wednesday Night Dinner, Active Duty Service Member Program, and Mobile Farmers Market) and major events.

Total Health & Wellness

Health, Wellness, and Fun

Dr. Brian Davey - His mission is to enhance people's lives through health, wellness, and fun. Dr. Davey is committed to making a difference in the health of the San Diego community. He believes the mouth is connected to the body, the body is connected to the family and the family is connected to the health of a community. Bringing together the medical and dental community and creating an interpersonal collaboration for the greater good of San Diego and his patients is my mission. He has a specific message about COVID and preventative care. He earned his undergraduate degree from the University of California, Irvine, then attended the University of California San Francisco School of Dentistry from 1996-2000. In addition, he is the founder and creator of the San Diego Academy of Systemic Health (SDASH).

Seeds of Hope

A Little Help Can Go a Long Way

Seeds of Hope helps low income families and refugees that are in transition. Excited to learn, but lacking the tools or finances to thrive and gain confidence and perseverance. These kids need to see that there is a life outside their community; A life where there are opportunities to break the cycle of poverty, relying upon the government and where they can become self sufficient, productive citizens. These kids need relationships and mentors to guide them as they learn the skills to navigate life in the United States. That's why Seeds of Hope was started. To "plant seeds" of vision and opportunity in these kids that will help direct and empower them for their future, and at the same time, show them the love of Christ.

San Diego Padres

The Tradition Continues

Erik Greupner was promoted to his current post of President of Business Operations in December 2018. Working together with executive chairman Ron Fowler, Greupner has day-to-day management responsibility for the Padres' business operations and leads the growth and development of the Padres' business and culture. Prior to assuming the role of President of Business Operations, Greupner served as Chief Operating Officer from November 2016 to November 2018. While in that post, he oversaw the team's business operations, including all revenue generation. During this time the Padres set sponsorship, group ticketing, single game, opening series and non-baseball event revenue and attendance records. Also, during this time Petco Park was renovated and improved while earning USA Today's ranking as the No. 1 ballpark in Major League Baseball.
