Club Meeting

Family Affairs

Our club will come together and share information on subjects that would make our club better. Open forum to share ideas and information related to the Taste of Rancho Santa Fe, membership, and what we need to do as a Rotary family to make our club the best ever. It will be an honest open forum with agree to disagree ideas without any tension.

The Power of Pivots

Similar to change management, this mindset shift can help if you struggle with change and fear the absence of clear direction. This is totally normal and like many people, Robyn has dealt with her own share of changes in relationships, career, and physical health and wellness. The ability to embrace and actually use the power of these life pivots could be the difference in whether or not the new destination is one filled with joy and opportunity or fear and frustration. How would your idea of change look if you shifted your idea of what it meant? Pivots are the power steps towards your dreams! Robyn is an expert at combining mindset and self-confidence with intentional action to create powerful change in your life. Robyn's approach for audiences is energetic and authentic with an element of humor as a mom of four teens in an active blended family.

Solutions for Change

Solutions for Change was founded in 1999 by social entrepreneurs Chris and Tammy Megison because they didn't think it was right for babies to be sleeping on the floor of an emergency winter shelter. Prior to starting up Solutions for Change, the Megison's developed and directed work and housing programs that helped thousands of homeless men get jobs, pay rent and earn their way back into society through an intense boot camp style program.

In 1999 they encountered a startling new reality of homelessness as a nine year old homeless girl with her baby sister and their mother bedded down for the night on a floor of an emergency shelter. As dozens more families came to the shelter, the Megison's realized that they were confronted with an enormous problem. Not just because there were

Rotary World Peace Conference

“Protecting and Rehabilitating Your Community”

Members of District 5340

In addition to excellent keynote speakers, the Rotary World Peace Conference 2020 in Ontario featured multiple tracks and breakout sessions led by leaders of conflict prevention and resolution. With 13 tracks and over 120 sessions, there were many opportunities to learn about being People of Action in Rotary's focus area of Promoting Peace.

Of special interest was keynote Speaker Dr. Fozia Alvi grew up in Pakistan. She is an American trained physician who's working in Calgary, Alberta, for the past 13 years. Her and her husband Tahir Alvi were always passionate humanitarians and had organized several health and education-related projects in developing nations, including opening a charity-based maternity hospital in rural Pakistan. She went in for a medical mission to the Bangladesh refugees' camps in 2017 and was moved by the plight of Rohingya and has since been an advocate for them (**Trafficking of Women & Children**). She spoke at various international levels about this genocide and is also involved in advocacy for the Uyghurs of China and putting a stop to illegal organ harvesting (**Forced Organ Harvesting of China's Uighur Muslim Minority**). She currently runs her foundation **Humanity Auxilium** and organizes medical relief missions.
